

LIMITED LIFETIME WARRANTY

Who are We: This warranty is being given to you by Timber Blind Manufacturing.

What is Covered: All products are warranted against defects in materials and workmanship.

Who is Covered: This warranty extends only to you as the original purchaser, in a residential application.

What is not Covered: This warranty does not cover normal wear and tear or any damage or loss caused by abuse or misuse or improper installation. All materials can lose original intensity after long exposure to the sun. When left for extended periods in direct sunlight, plastics tend to crack. All cords will eventually wear out. Timber Blind Manufacturing considers these things normal wear and tear not covered by this warranty. Colors vary from lot to lot and may not exactly match sample swatches or previous purchases.

For How Long: This warranty coverage will be for as long as you the original buyer at retail own our products. Any implied warranties which you may have are in duration to the time during which you, as the original buyer at retail own our products. Some states do not allow limitations on how long an implied warranty lasts.

What Will We Do: If your product is defective during the warranty period we will, at our option, either repair or replace, without charge, that defective product. This shall be your sole remedy under this warranty.

No Liability for Incidental or Consequential Damages: Repair or replacement of defective products are your sole remedy under this warranty and incidental in no event shall we be liable for transportation costs to or from the dealer, costs of removal or reinstallation of our products or incidental or consequential damages. Some states do not allow the exclusion of incidental or consequential damages, so the limitation or exclusion may not apply to you.

How to get Service: To obtain service under this warranty, return your products along with the original sales receipt to the dealer from which it was purchased. You will be responsible for transporting the product to and from the dealer.

Your rights under State Law: This warranty gives you specific legal rights, you may also have other rights which may vary from state to state.

WAND ATTACHMENT

The tilt mechanism inside the headrail has a plastic shaft protruding from it that extends beneath the rail. The wand must be hooked in to this shaft. The plastic hook on the wand fits through the hole in the plastic shaft.

Open and close the slats to test the wand tilter. Six revolutions of the wand should tilt the slats from fully open to fully closed.

VALANCE ATTACHMENT

The valance consists of 2 metal strips and is packaged along with clear plastic valance clips (1 per bracket). Install one clip on each end of the headrail, and space any others evenly in-between, no more than 48" apart. Mount the headrail into the brackets, simply snap the metal strips onto the clips.

If the blind is outside mounted the valance will be received approximately 4 1/2" wider than the blind. Simply bend the overlap of valance in towards the wall to cover the end of the headrail.

Note: Valencia 1" metal blinds will not have a valance.

Important: Install the valance clips before mounting the headrail

CARE AND CLEANING

Regular cleaning with a feather duster or soft, clean cloth is typically all that is needed to keep blinds looking new. Blinds may also be cleaned using a hand-held vacuum with a brush attachment using low suction.
