Cleaning the Shade

Routine cleaning will help maintain the beauty of your shades. To care for your shades use any of the following options:

- Dusting
  Regularly dust the shade with a duster. In most situations this is the only cleaning method needed.
- Vacuuming
  Use a hand-held vacuum on low suction setting to remove dust.
- Spot-Cleaning
  Dampen a clean cloth with warm water and mild detergent solution and then dab the spot until stain is gone. Do not rub! Allow the fabric to dry in a fully lowered shade position.

Troubleshooting

Problem	Solution
The shade will not snap into the mounting brackets	Check if mounting brackets are aligned. Refer to Step 1.
The shade will not lift	Gently pull down on the bottom rail to reactivate the cordless mechanism. Repeat if necessary.
