

# MEASURING GUIDE FOR BAMBOO ROLLER SHADES

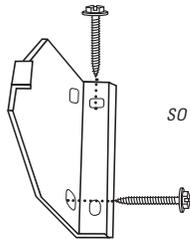

Small clutch (left): for all shades up to 60" wide x 48" long

Large clutch (right): for all shades over 60" wide and for shades longer than 48"

Small clutch with valance (left): for all shades up to 60" wide x 48" long

Large clutch with valance (right): for all shades over 60" wide and for shades longer than 48"

*Please note that the brackets have screw holes in both the top and the side, so they can be installed either to the top of the window casing or ceiling, or to the sides of the window casing or wall.*
